HOUSING

<http://nj.gov/humanservices/dmhs/services/housing/>

DMHS contracts with and provides funding to residential and supportive housing providers in each county. These services are listed in our publication of services under

Residential Services, Homeless Services and Supportive Housing. This list of agencies is available by [clicking here](#).

For more information on available affordable housing, please visit the [N.J. Housing Resource Center](#) for a listing of available rental units and landlords.

Definitions of DMHS Contracted Residential, Homeless and Supportive Housing Resources:

Residential Services: DMHS licensed and contracted residential settings which offer regular staff supervision for consumers, for the purpose of assisting with activities of daily living and providing support and supervision, as needed.

Residential setting includes group homes, apartments and family care homes. *N.J.A.C. 10:37A*

Programs for Assistance in the Transition from Homelessness (PATH): Services provided to individuals suffering from serious mental illness, or suffering from serious mental illness and from substance abuse, and who are homeless or at imminent risk of becoming homeless. Case management services include preparing a plan for the provision of mental health services; providing assistance in obtaining and coordinating social and maintenance services, including those related to daily living activities, income support services, transportation, habilitation and rehabilitation services, prevocational and vocational services, and housing services (*Source: Public Health Services Act, Sect. 522 [290cc-221]*).

Supportive Housing: A program under contract with DMHS which offers residential placements to consumer residents with diagnoses of serious mental illness, either directly by a Provider agency or by agreement with another entity (RHCF, boarding home, etc.). Unless residing at home with family, or in a boarding care facility, each consumer resident signs a lease or sublease and receives mental health supportive services from the Provider agency which can be 24 hours a day, as needed. The consumer resident is responsible for lease payments, safety, cleanliness, property protection, etc. and bears the responsibility for those aspects of residential living. The consumer resident has the key to the home and has control over access to it. No lease shall contain the provision of mandatory mental health program participation as a requirement for the consumer resident. *N.J.A.C. 10:37A*.

Rental Assistance

<http://www.hud.gov/local/index.cfm?state=nj&topic=renting>

Housing Choice Voucher (formerly called Section 8) is a program that provides a subsidy or voucher to assist with housing costs. Housing Choice Voucher (formerly called Section 8) was begun in 1975 and is one of the government's most successful housing programs. An apartment's rent must fall within certain guidelines to qualify. Not all jurisdictions have a Housing Choice Voucher (formerly called Section 8) program. Time periods when applications may be submitted for Housing Choice Voucher (formerly

called Section 8) are usually limited and vary by participating jurisdictions. Housing Choice Voucher (formerly called Section 8) usually has a lengthy waiting list.

LEGAL

Community Health Law Project

www.chlp.org

The essential mission of CHLP is to provide legal and advocacy services to New Jersey residents with disabilities. We serve consumers of mental health services, people with physical disabilities, HIV/AIDS, developmental disabilities, and visual impairments. Our attorneys and advocates represent clients in matters involving Social Security benefits, welfare, food stamps, and other entitlements; housing habitability and landlord-tenant disputes; foreclosure defense; consumer protection and debt collection; child support and domestic violence; Medicaid, Medicare, and other health insurance issues. CHLP has regional offices in Bloomfield, Elizabeth, Trenton, Asbury Park, and Collingswood; satellite offices in Jersey City, Toms River, Mt. Holly, and Absecon.

Disability Rights New Jersey

www.drnj.org

Incorporated in 1994, DRNJ was subsequently designated by the Governor to serve as New Jersey's protection and advocacy system for people with disabilities. As the protection and advocacy system, DRNJ operates nine federally funded programs including:

- Protection and Advocacy for Individuals with Mental Illness (PAIMI);
- Protection and Advocacy for Individual Rights (PAIR);
- Client Assistance Program (CAP);
- Protection and Advocacy for Beneficiaries of Social Security (PABSS);

Legal Services of New Jersey

www.lsnj.org

LSNJ coordinates the statewide Legal Services system, which provides free legal assistance to low-income New Jerseyans for their civil legal problems.

LSNJ coordinates the statewide Legal Services system, which provides free legal assistance to low-income New Jerseyans for their civil legal problems.

Public Defender

<http://www.state.nj.us/defender/index.shtml>

The New Jersey Office of the Public Defender provides constitutionally mandated legal representation for adults and juveniles charged with criminal offenses who are unable to afford private lawyers. Once you have been found by the court to be eligible for public defender services, you are guaranteed certain rights as a public defender client. You also have certain responsibilities as a client including an obligation to pay reasonable costs of your representation.

The Division of Mental Health Advocacy represents individuals in commitment hearings.

Volunteer Lawyers for Justice

<http://www.vljj.org/index.php>

Volunteer Lawyers for Justice (VLJ) provides comprehensive legal services to economically-disadvantaged adults, children, and families in New Jersey through volunteer attorneys recruited and trained by VLJ. Programs include free legal counsel and advice, educational seminars on various legal matters, and direct representation for at-risk individuals facing critical civil legal issues.

OTHER SERVICES

[Food Stamps](#) - now called SNAP, for Supplemental Nutrition Assistance Program - help eligible New Jerseyans – including senior citizens on small fixed incomes - receive benefits that help them afford a nutritionally balanced diet. Local [County Welfare Agencies/Boards of Social Services](#) determine who is eligible for food stamps.

NJ Medicaid

http://www.state.nj.us/humanservices/dmahs/clients/medicaid/abd/abd_fact_sheet.pdf

Medicaid provides health insurance to parents/caretakers and dependant children, pregnant women, and people who are aged, blind or disabled. These programs pay for hospital services, doctor visits, prescriptions, nursing home care and other healthcare needs, depending on what program a person is eligible for.

To be eligible for New Jersey Medicaid, a person must:

- be a resident of New Jersey;

- be a U.S. Citizen or qualified alien (most immigrants who arrive after August 22, 1996 are barred from Medicaid for five years, but could be eligible for [NJ FamilyCare](#) and certain programs for [pregnant women](#));
- meet specific standards for financial income and resources.

Emergency Assistance (EA) in certain situations.

These benefits include, but are not limited to: essential food, clothing, shelter and household furnishings; temporary rental assistance or back rent or mortgage payments; utility payments (such as heat, water, electric); transportation to search for housing; and moving expenses.

Eligible persons include those who are homeless or at immediate risk of becoming homeless, and those who have experienced a substantial loss of housing, food, clothing or household furnishings due to fire, flood or similar disaster.

Emergency Assistance is limited to 12 months. However, extensions may be granted under certain hardship conditions, with specific limitations.

Supplemental Security Income (SSI)

<http://www.ssa.gov/pubs/11000.html#part1>

The Federal Social Security Administration administers the Supplemental Security Income (SSI) Program, under which persons age 65 years and older, or those who are blind or disabled (including children), receive maintenance payments from that agency and supportive services through the county welfare agencies. For eligible individuals, a state supplement is provided in order to increase the net countable income up to the state standard for the respective living arrangement.

Medicaid (see above)

Medicaid is a state-run program that provides hospital and medical coverage for people with low income and little or no resources. Each state has its own rules about who is eligible and what is covered under Medicaid. Some people qualify for both Medicare and Medicaid. For more information about the Medicaid program, contact your local medical assistance agency, social services or welfare office.

Social Security Disability Insurance (SSDI)

Social Security Disability Insurance (SSDI) is a federally run benefits program that provides aid to people who are unable to achieve gainful employment due to a permanent [disabling condition](#).

SSDI is financed by the Social Security tax. Therefore, any person that qualifies as disabled according to the definition provided by Social Security Administration (SSA), and who has paid Social Security taxes long enough to achieve sufficient work credits, can qualify for SSDI. In order to qualify for SSDI, you must suffer from a permanent condition that prevents you from working. In other words, your disability must have lasted, or be expected to last, a minimum of twelve months and you must be unable to earn an income greater than \$1000 per month. In addition, an individual must have earned sufficient work credits in order to qualify for SSDI. The normal requirement is a

total of 40 credits, 20 of which must have been earned in the 10 years prior to the onset of disability.

Medicare

Medicare is our country's health insurance program for people age 65 or older. Certain people younger than age 65 can qualify for Medicare, too, including those who have disabilities if they have been entitled to Social Security disability benefits for 24 months.

Medicare has four parts:

- Hospital insurance (Part A) helps pay for inpatient care in a hospital or skilled nursing facility (following a hospital stay), some home health care and hospice care.
- Medical insurance (Part B) helps pay for doctors' services and many other medical services and supplies that are not covered by hospital insurance.
- Medicare Advantage (Part C) plans are available in many areas. People with Medicare Parts A and B can choose to receive all of their health care services through one of these provider organizations under Part C.
- Prescription drug coverage (Part D) helps pay for medications doctors prescribe for treatment.

MEDICATION

Pharmaceutical Assistance to the Aged and Disabled (PAAD)

<http://www.nj.gov/health/seniorbenefits/paad.shtml>

The Pharmaceutical Assistance to the Aged and Disabled (**PAAD**) program, the **Lifeline** program, and the Hearing Aid Assistance to the Aged and Disabled (**HAAAD**) program are three State programs with similar eligibility guidelines.

You may be eligible for **PAAD** if you meet the following requirements:

- A New Jersey resident; and
- 65 years of age or older or 18 years of age or older and receiving Social Security Title II Disability benefits; and
- Annual income for 2011 of less than \$24,432 if single or less than \$29,956 if married; and
- Medicare-eligible PAAD beneficiaries are also required to enroll in a standard Medicare Part D Prescription Drug Plan in New Jersey with a monthly premium below the regional benchmark. These plans will cover medically necessary prescription medications under Medicare Part D. The federal Medicare Plan and PAAD will pay any costs above the PAAD copayment of \$5 for each covered generic drug or \$7 for each covered brand name drug, including premiums.

Rx4NJ

www.rx4nj.org

Rx4NJ is a program that connects qualified, low-income people with discount prescription drugs, direct from the pharmaceutical manufacturer. Rx4NJ is a Web site designed to help low-income, uninsured New Jersey residents get access to patient assistance programs where they may qualify for free, or nearly free, prescription medicines. Patients will be directed to the public or private programs most likely to meet their needs. Rx4NJ helps low-income, uninsured patients.

Walmart

www.spannj.org 1-800-654-SPAN (7726)

The Statewide Parent Advocacy Network of New Jersey (SPAN) is a chapter of the Federation of Families for Children's Mental Health (FFCMH). SPAN is a member of the New Jersey Alliance of Family Support Organizations (NJAFSO), the New Jersey State Organization for the FFCMH and the SAMHSA-funded Statewide Family Network for New Jersey. SPAN collaborates with NJFASO and county Family Support Organizations in providing information, training, technical assistance and support to families of children with behavioral, emotional, and mental health challenges.

The American Academy of Child and Adolescent Psychiatry (AACAP)

<http://www.aacap.org>

The American Academy of Child and Adolescent Psychiatry (AACAP) is the leading national professional medical association dedicated to treating and improving the quality of life for children, adolescents, and families affected by these disorders. The AACAP developed Facts for Families to provide concise and up-to-date information on issues that affect children, teenagers, and their families.

COMPLAINTS

How Can I Make a Complaint about a New Jersey Regulated Program?

<http://www.state.nj.us/humanservices/ool/programs/consumers/>

If you believe a program may be operating in violation of licensing regulations, or you have any concerns about the services provided by a regulated program, please call one of the Department of Human Services [Office of Licensing telephone numbers](#) or Mental Health Licensing Telephone: 609-984-2150.

How Can I Make a Complaint about a Hospital?

Reporting State Hospital Abuse, Neglect, Safety or Quality Concerns

<http://www.state.nj.us/humanservices/dmhs/reporting/>

When an individual has any concerns about patient care and safety in the hospitals, the following steps should be taken:

- 1) Contact the patient's unit team leader or program coordinator.
- 2) Contact the Section Chief of the unit.
- 3) Contact the Patient Representative.

If the concerns have not been addressed by any of the above routes, the individual is encouraged to contact the Chief Executive Officer of the respective hospital.

To report patient abuse at a state hospital, call the Patient Services Compliance Unit (PSCU) at 1-888-490-8413 ([click here](#) for more information).

Also

[Joint Commission on Accreditation of Healthcare Organizations \(JCAHO\)](#) accredits health care organizations, including ambulatory care, assisted living, behavioral health care, health plans, home care, hospitals, laboratory services, and long term care.

How can I file a discrimination complaint?

<http://www.nj.gov/oag/dcr/filing.html>

Complaints must be filed with the New Jersey Division on Civil Rights within 180 days after the alleged act of discrimination. Once a complaint is accepted, the Division will conduct an investigation. Following the completion of the investigation, the Director will determine whether or not probable cause exists to believe that unlawful discrimination has occurred. If a finding of probable cause is issued, the case will be transmitted to the Office of Administrative Law where a full hearing will take place before an Administrative Law Judge. The case may be litigated by a state Deputy Attorney General on behalf of the Division.

A person may initiate an action in Superior Court without first filing a complaint with the Division.

How do I complain about a rooming home or a boarding home?

<http://www.state.nj.us/dca/divisions/codes/index.html>

The Division of Codes and Standards in the Department of Community Affairs (DCA) establishes and enforces building codes, in partnership with the State's municipalities, to protect the health and safety of New Jersey residents.
